

BREEDERS DOCUMENTATION

- 1.** An owner of a Prazsky Krysarik bitch requests a Mating List by filling the Request For a Mating List Form and forwarding this request to the Breeding Advisor.
- 2.** The breeder then informs the Regional Breeding Advisor about the birth of the puppies. Regional Breeding Advisor then informs the Main Breeding Advisor. Breeders should arrange a Mating Contract among themselves. Prague Ratters Club of Czech Republic will not get involved in disputes over the fees for mating.
- 3.** The breeder is forwarded a Request Form for tattoo numbers together with a Mating List and a Litter Registration Form by the Regional Breeding Advisor.
- 4.** The Regional Breeding Advisor sends the Mating List (application) to the Breeding Book office after the litter check (puppies need to be tattooed or chipped by then). The Breeding Book office only accepts the Mating List applications from a Breeding Advisor.
- 5.** Breeding Advisor's fee (issue of Pedigree Papers etc.): 25 € a piece + 15 € postage.
